Atmospheric, direct or power vent water heaters

EQUIPMENT	EFFICIENCY LEVEL*	CUSTOMER REBATE
Natural Gas Water Heater	.90 UEF or higher	\$400

Efficiency Level: UEF = Uniform Energy Factor

Rebate offer applies only to new natural gas water heaters.

Summit Natural Gas of Missouri uses AHRI (Air Conditioning, Heating & Refrigeration Institute) listings to determine the efficiency of the equipment. Equipment must be certified by AHRI.

Dealers/Plumbers are not eligible to receive their customer's rebate.

Building contractors should negotiate with homeowners to determine who receives the rebate. Equipment installed under warranty replacement does not qualify for the rebate.

Application must be completely filled out with purchaser information, equipment information (including brand, complete model number, serial number, installation date and Uniform Energy Factor), and dealer/plumber or retailer information. Summit Natural Gas of Missouri is unable to accept applications that do not include all this information. A copy of the dated invoice or sales receipt must accompany the completed rebate application and must include the following information: brand, complete model number, and serial number. It is the responsibility of the purchaser to ensure that the installed equipment qualifies for the rebate. If it does not qualify, no rebate will be paid.

Summit Natural Gas of Missouri reserves the right to inspect the installed equipment.

Rebate qualifications and amounts are subject to change. Rebate funds are limited. Completed rebate forms will be processed in the order in which they are received. Summit Natural Gas of Missouri rebate programs may be cancelled or changed at any time.

This program ends December 31.

Rebates will not be paid if funds are depleted prior to December 31.
